Schmeckles

Whitepaper V7.2

Schmeckles is a cryptocurrency project on the XRP Ledger by Rick and Morty fans, for Rick and Morty fans. The Schmeckles token was launched in November 2021 with 1 million tokens. These tokens are blackholed, meaning that no more can be created, and deflationary, meaning the supply is reducing.

Our mission is to remind the world that life is to be lived. That while being serious is essential at times, it is not essential all the time. That it is critical to let go once in a while and get in touch with our childish-self. To give ourselves permission to have fun and be silly. To watch cartoons and play games. To embrace art and drift away to music. To connect with likeminded people and maybe even learn something new.

Join the Schmeckles community for weekly giveaways on Twitter/X, Twitch and Discord.

Short Disclaimer: The purchase of Schmeckles tokens and NFTs involves significant risk. Value can fluctuate, and there's no guarantee of returns. Purchase/hold at your own risk. Please review the full disclaimer at the end of this document.

Tokenomics

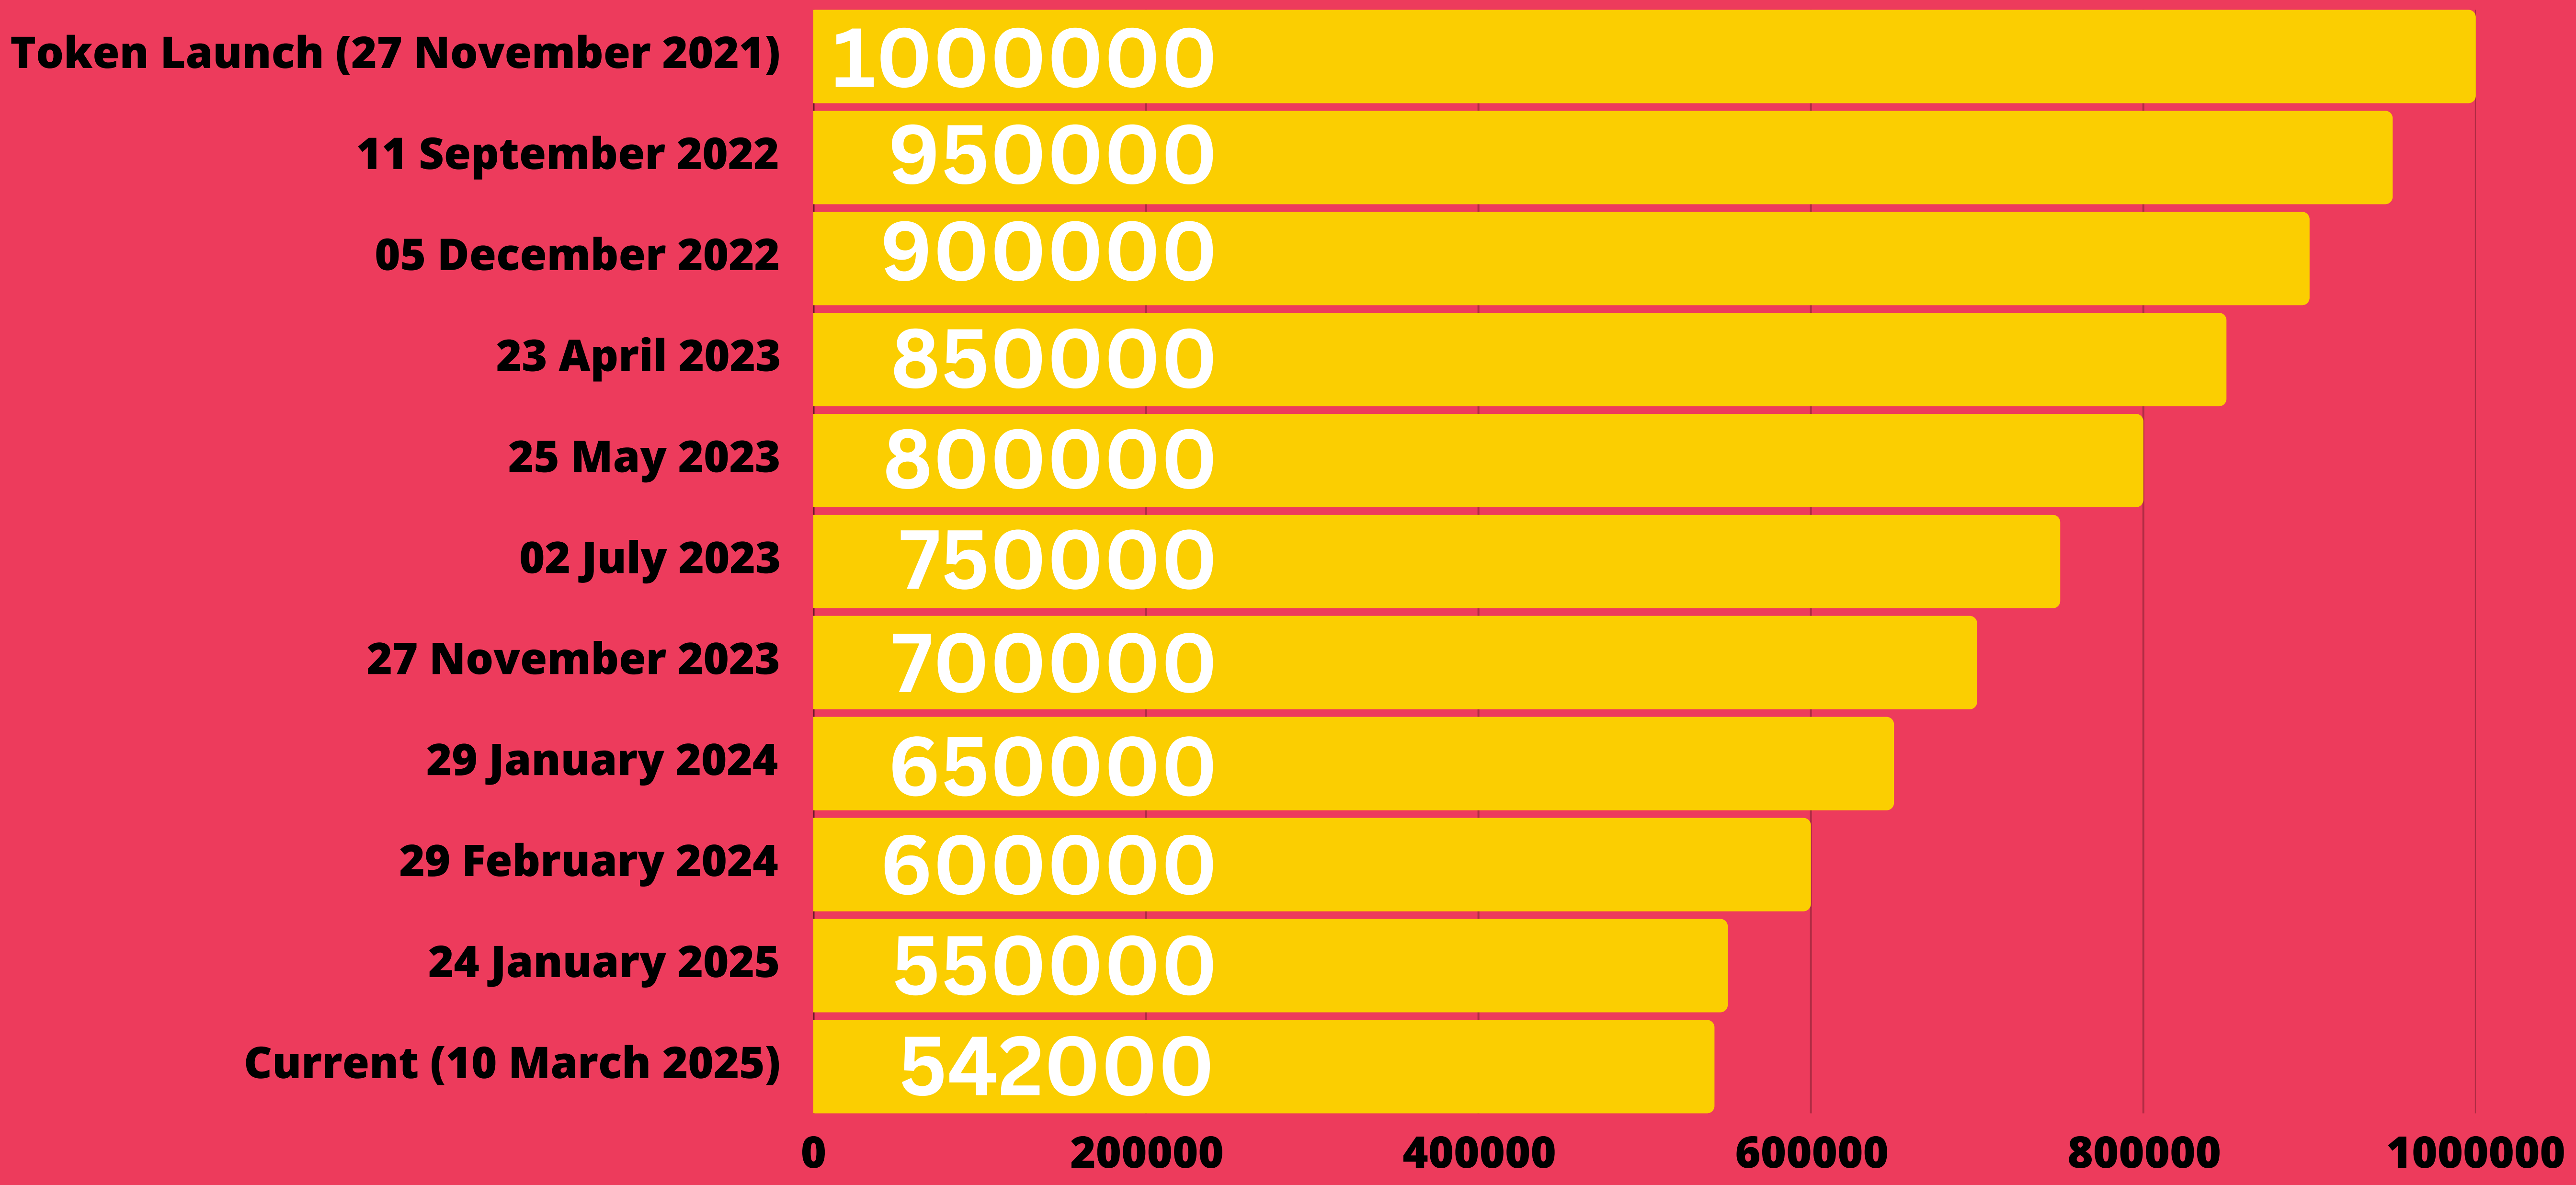
XRPL Launch Date = 27 November 2021
Token/Ticker = Schmeckles
Blockchain = XRP Ledger
Total Issued Supply = 1000000 Schmeckles
Current Supply (As at **10 March 2025**) = **542000** Schmeckles
Project Wallet Holding (As at **10 March 2025**) = **1000** Schmeckles
Transaction Time = 3 seconds or less
Transaction Costs = Extremely low (a fraction of a cent)

Schmeckles Tokens are fully distributed. Over 750k were distributed to the community for free. 250k were withheld by the project where:

- Part were given to the SWFT exchange to allow us to be listed
- Part were used for Schmeckles giveaways
- The majority were returned to the issuer account (i.e. burned)

This logo is a representation of the Schmeckles currency within Rick and Morty Episode 05 Season 01 (“Meeseeks and Destroy”).
We proudly hold the rights to utilize this logo for merchandise.

Schmeckles Supply Over Time



Schmeckles Onboarding

WITH TWO SIMPLE TOOLS

XAMAN

FORMERLY XUMM

1. Head to the Google Play Store or App Store and download the Xaman Wallet
2. Follow the prompts to create an account
3. Once you have an account copy your wallet address to your clipboard (for Steps 4 and 6)
4. Follow the C14 steps to activate your wallet by purchasing XRP
5. Add the Schmeckles Trustline by clicking here (you will need at least 0.2 XRP to do this)
6. Follow the C14 steps to buy Schmeckles or alternatively utilise the DEX xApp

C14

HTTPS://C14.MONEY

1. Head to the C14 website by clicking the link or typing c14.money into your browser
2. Follow the prompts to purchase XRP to activate your XAMAN Wallet (ensure you input your preferred fiat currency under “Pay” and XRP under “Receive”)
3. Follow the prompts to purchase Schmeckles for your XAMAN Wallet (ensure you input your preferred fiat currency under “Pay” and Schmeckles under “Receive”)

Schmeckles Burn Event

Starting in mid-March 2025, the XRPL Community will be invited to participate in an event where they can buy and burn Schmeckles tokens to earn a ranking. At the event's conclusion, participants' rankings will determine the number of the limited-edition physical token (designed by @dagwoodious) they'll receive, along with a Schmeckles wristband. These items will be shipped to participants who provide a valid postal address.

To participate, users must purchase Schmeckles tokens worth 5 XRP or more and burn them. A step-by-step instructional video will be available on the event page of our website, or users can contact the project team for assistance. To enter the rankings, participants need to submit their buy transaction, burn transaction, and (optionally) their postal address via a form on the event page.

For those who prefer not to receive physical items, alternative options can be arranged, though participation with physical rewards is encouraged.

SCHMECKLES VS YOU!

SCHMECKLES VS YOU! is a collection of 520 NFTs designed by the Urban Monks Studio. Each NFT features outrageous artwork and is a digital representation of the card game of the same name. The 520 NFTs are made up of 10 decks of 4 rarities; 4 Common decks, 3 Rare decks, 2 Epic decks and 1 Artefact deck. Each deck consists of 52 cards and features one Legendary card.

The NFTs are sold out but are now available to purchase on the secondary market. Secondary sales have a royalty of 5% that will be used to market buy and burn Schmeckles tokens.

Additionally, holders of SCHMECKLES VS YOU! NFTs are able to join a weekly giveaway to win XRPL NFTs and tokens. Check the Schmeckles Twitter/X account for more info (@Schmeckles_XRPL).

SCHMECKLES IN SPACE

The “Schmeckles In Space” NFT collection consists of three designs. “The Astronaut”, “The Celestial” and “The Schmeckle”. These NFTs were designed by Urban Monks Studio and gifted to Schmeckles Token holders within the Top 100 in late 2023/early 2024. Each NFT has a 5% royalty that goes towards market buys and burns of Schmeckles tokens.

A number of these NFTs remain in the Project’s holding and will continue to be used as prizes in both Twitch and Twitter/X events.

Schmeckles
ONE OF ONES

The 'One of Ones' is the latest NFT Collection for the Schmeckles project that is:

- Designed by the Urban Monks Studio
- Exclusively sold via weekly auctions
- Supporting the Schmeckles token via:
  - 100% of initial sales going towards market buys and burns
  - 5% of secondary sales going towards market buys and burns
- Featuring the recognizable Schmeckles characters
- Inclusive of the Communities ideas via DAO votes
- Released in batches of 6 NFTs

The first batch of 6x ‘One of Ones’ NFTs are now SOLD.

The second batch of 6x ‘One of Ones’ NFTs are now SOLD.

The third batch of 6x ‘One of Ones’ NFTs are UNDER CONSTRUCTION.

Ideas for future NFTs can be submitted on the website via the ‘One of Ones’ page.

https://xrp.cafe/collection/ones

THE SCHMECKLE INVASION

‘The Schmeckle Invasion' was the first NFT Collection released by the Schmeckles project. These NFTs were designed by the Urban Monks Studio and introduced the Schmeckles characters that we have all come to love. While all 10 of the NFTs sold within minutes of release there have been no secondary market sales.

‘The Schmeckle Invasion’ NFTs hold a 25% royalty, however, this royalty will now be split as follows:

- 20% will be returned to the seller
- 5% will be used to market buy and burn Schmeckles tokens

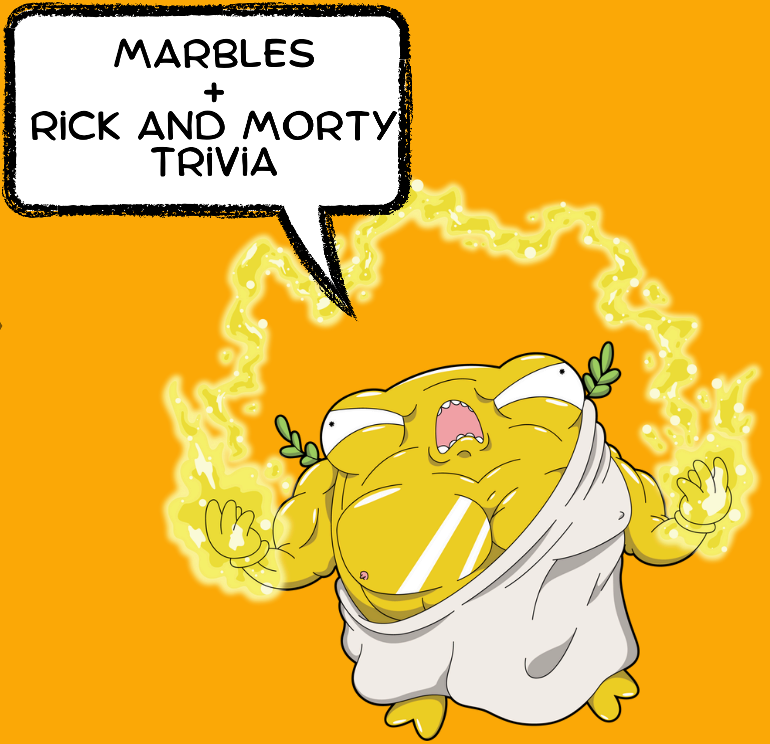
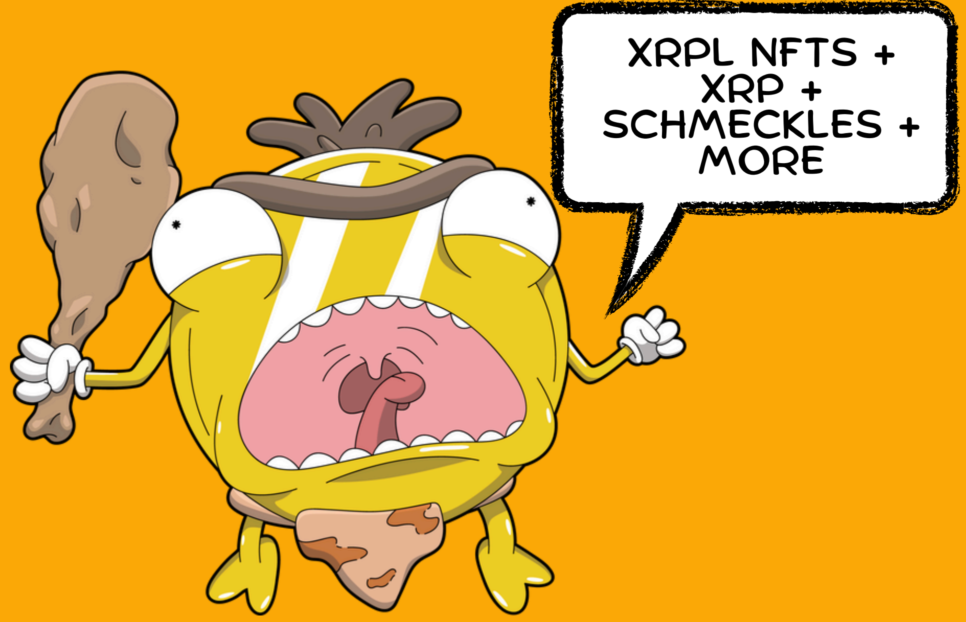
SCHMECKLES TWITCH STREAM



twitch

@SCHMECKLES_XRPL



TWITCH STREAMS EVERY WEEK PLAYING MARBLES AND RICK AND MORTY TRIVIA WITH PRIZES IN XRPL NFTS, XRPL TOKENS AND XRP. THE STREAM DOUBLES AS A Q&A OPPORTUNITY FOR THE COMMUNITY TO ASK @JAMESRAYXRP ABOUT THE SCHMECKLES PROJECT OR THE XRPL IN GENERAL. THE TWITCH STREAM IS FOLLOWED BY THE WEEKLY HOLDERS GIVEAWAY FOR THE SCHMECKLES VS YOU! NFT COLLECTION.

Disclaimer

The Schmeckles Project stress the following points:

- All cryptocurrency and NFT purchases are at the buyers risk. We encourage everyone to do their own research in all purchases they make, but particularly in cryptocurrency.
- Purchasing and holding Schmeckles tokens and NFTs does not guarantee an increase in value.
- Schmeckles tokens and NFTs exist on the XRP Ledger. This means we are subject to potential faults of the Ledger itself. For example, in 2021 the XRP Ledger experienced a short period of latency issues and increased transaction fees. While this is unlikely to occur again, it is important for investors to understand that the Schmeckles project is dependent on the XRP Ledger.
- It is recommended that individuals wanting to buy Schmeckles first understand Ripple, XRP, the XRP Ledger and blockchain technology.
- Nothing mentioned within our whitepaper, website, social media interactions, live streams, voice calls, etc. is to be considered financial advice.
- Buying Schmeckles tokens and NFTs includes various risks. Some are mentioned within this disclaimer but it is not comprehensive. Some further examples of risks include:
  - A natural disaster impacting the XRP Ledger (for example, nodes going offline due to a solar flare)
  - New or developing Government regulations
  - Market volatility
  - Force Majeure events (for example, a team member falling ill or passing)

The Schmeckles Team endeavors to warn our community of risks, however, we do not hold any responsibility for the decisions made by any individual, group, business, etc. **All purchases of Schmeckles tokens and/or NFTs are at the buyers risk.**

Our final pieces of advice:

- Do your own research
- Take your cryptocurrency offline and onto a Hardware Wallet/Ledger Device (i.e. Nano Ledger)
- Watch Rick and Morty

Schmeckles is an Australian Company located in the state of New South Wales in the suburb of Bulli (2516)
